Large Vintage Industrial Farm Table With Iron Legs

Authentic vintage farm table with heavy cast iron legs that create the perfect "industrial look." At 6 1/2' feet long, this impressive rustic table will serve well as an industrial dining table. The top itself is made of 7 planks of wood, left natural for a raw, organic look. There is some typical age related separation of the planks and cracks which are expected with age and do not impact the use or function of the table. Please examine the close up photos including the entire top. This heavy industrial table has been restored, lightly waxed and is ready for use. Shipping price is based on the table shipping flat, simple assembly is all that is required on recieving end.
