Antique 19th Century Danish Carved 3 Door Oak Sideboard Cabinet

The four massive barley twist columns make a dramatic visual statement in this large sideboard. Each of the three heavy paneled doors is carved in relief with a pair of figures under an arch. The entire buffet is made of solid oak and rests upon large bun feet, and the 3 cabinet doors all function and lock. This carved oak cabinet is being sold in as is, original used condition as we found it in Denmark. We invite you to contact us with any questions regarding this or other pieces, and hope to assist you further.
