Danish 18th Century Baroque Chest of Drawers, circa 1760-1780

The scalloped edge of the top is carried down through the drawer fronts and apron resulting in an elegant, serpentine case in this striking large chest of four drawers. The baroque details and original cast rococo brass hardware create a strong and elegant dresser made entirely of oak. This item is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
