Pair, Antique White Painted Swedish Sideboards Buffet

It is unusual to find a pair of sideboards, let alone long ones such as seen in this lovely pair. The gently curved doors and tapered legs add to the grace and charm of this set. Originally they likely served in a formal dining room as buffets with the white painted finish and gold highlights, but today they will serve well anywhere you need to make a statement with two flanking pieces such as an entry way or dining room. In addition, they could make the perfect his and hers master bathroom vanity set. This pair is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found them in Sweden allowing the buyer to personally customize the pair. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
