Antique Large Two Door Danish Baroque Armoire Cabinet

While the large size itself is impressive, it is the heavy, baroque style carving and paneling in the doors and crown that add to the strong, visual impact of this handsome, large armoire. The hand-detailed dovetail joints and wood pegs (vs nails) speak to its age, circa 1760-1800. This item is part of our "un-restored" collection and is being sold in as is, used condition as we discovered it in Europe. You are welcome to call us directly if you would like to learn more about this or other items, we will be happy to assist you further.
