

Small Antique Swedish Birch Cupboard

This petite cupboard is a unique find. It was likely a carpenter's "sales model" to demonstrate what a full size cabinet would look like. It was unusual to see birch, a more expensive wood, used in a small cupboard unless for this purpose. This small cupboard could hang on a wall but also sits well on a counter or cabinet, so would make a fun jewelry case or display cabinet. This item is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe.
