Antique Dramatic Original Green Painted Rococo Cabinet Armoire, Sweden

Dramatic and stately, this impressive cabinet is raised, resting upon three large turned legs. It is the original hand-painted details that draw one in, with the curvaceous carved Rococo crown and delicate panel trim accented in gold. While a rich forest green makes up the background, the colorful hand painted vases overflowing with flowers are the romantic "style touch" of the era in the 2 panelled doors, also echoed gently in the two small drawers below. This large hand painted armoire will make a grand statement in any interior. It is sold in as is, original condition.
