Antique Romanian Original Painted Trunk/Coffee Table, Romania

This striking trunk has a new life serving as a unique coffee table in today's modern home. Aside from the charming original paint, it is the areas that have been gently worn away from years of use that attract one to the country appeal of this flat top trunk. The rich, rust colored panels surrounded by a deep blue background are worn in areas revealing the warmth of natural wood underneath. The trunk has been sealed with a wax finish inside and out with matching blue green paint added to the backside - perfect for the foot of a bed or as a coffee table. Please take a moment to enlarge the photos and examine the details up close.
