## Antique Original Green Painted Pine Bench with Back from Hungary

This delightful country bench still maintains its original vibrant green paint reminiscent of green rolling hills and spacious pastures. Due to time and use, the green paint on the seat has been worn to the natural pine below, with minor cracking/peeling in other areas adding to its vintage look. The solid panel back and sides add to its sturdy, ready to use appeal. Please enlarge the photos to understand the wonderful, worn original green painted finish.
