Antique Sleigh Seat Bench With Original Paint and Brass Accents

This original sleigh seat was considered large in its day. What makes it such a special find is the original paint, highlighted in a deep red trim which you will see as you examine the close up photos. Notice also the decorative brass trim along the back and arms. This delightful "bench" would be the perfect display for all seasons, from flower or succulent pots in spring and summer, gourds in the fall and loaded with wrapped presents or holly and berries for winter. At any time, it will serve as fun seating and a conversation piece for your friends and visitors! This vintage sleigh is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we discovered. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
