Pair, Antique Bookcase Cabinet from Sweden with Black Painted Finish and Adjustable Shelves

It is difficult to find pairs of display cabinets, so this matched set of 2 bookcases makes them extra special. One notices the symmetry and balance of the Swedish styling in the glass panels above smaller panels in the doors. In photo #5, you will see the adjustable shelving system making them perfect as display cabinets. The lovely black paint is perfectly distressed to fit with the age and character of the pair. Please examine the close up photos to observe the distressed black paint. The pair/two bookcases come with 3 shelves in total. Notice in one of the bookcases there is a lower interior drawer for unique interior storage as well. This pair of cabinets is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we discovered them in Sweden. They are solid/stable and ready to use. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
