Antique Original Black Painted Bench With Bright Flowers

This delightful bench still maintains the original black paint, with a lively array of flowers and flourishes in the traditional folk art style of the era. The bright colors of red, green, yellow and blue were favorites in Romania, and their exuberant painting style still brings joy today. The splay legs and heart cut outs in the back were traditional style elements as well. This bench is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
