Antique White Painted Gustavian Chest of Drawers Nightstand With Carving, Sweden

Unique to this gustavian chest of 3 drawers is the distinctive carving along the top drawer, once known as a "meander" (a decorative border made from a continuous line), more commonly referred to as a "Greek key" today. Let your gaze drop to the lower two drawers to appreciate the attractive panels and applied carved decorations that add to its romantic allure. The soft white paint, while not original to the chest is still old and adds to the overall affect as well. This gustavian chest of drawers is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
