## Antique White Painted Gustavian Buffet Cupboard with Plate Rack, Sweden

What a fun find! This large gustavian sideboard originally served in a large kitchen, likely in a Swedish country manor house. Each of the 3 doors opens to reveal two upper drawers and a central shelf. The upper rack is used to display dishes and serving platters. This item is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
