Antique Small Oak Chest of Drawers Nightstand

Reminiscent of a larger baroque chest of drawers, there is much style impact found in this small oak chest of drawers with serpentine front. Due to its size, it may serve well as a unique side table or nightstand. Its age is revealed through the wear seen on the top, sides and feet, yet is expected in a piece that is 200 years old. This small chest of drawers is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
