Antique Original Hand Painted Chest of Drawers With Flowers

Once in awhile, we find an extra special piece that gets us excited and this chest of drawers is one of them. Why? It is the original painted finish, with the many flowers portrayed on each of the 4 drawers, and wonderful overall condition of the teal colored background highlighted with a burnished red trim. The multitude of hand-painted flowers reveals the time invested in this wonderful dresser. There is an age related split along the top (as seen in photos) which does not impact the integrity nor beauty of this lovely dresser.

This item is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
