Antique Original Painted Armoire With Flowers, Germany

This is a truly outstanding painted armoire due to the high quality and detail of the original painted finish. The soft, gentle colors with delightful floral motifs are beautifully executed. Notice the 6 panels of flowers against the soft blue background on the front doors is accented with more flowers above, on the canted sides and again on the side panels. While flowers were a traditional element in the folk art of the day, this armoire was crafted by a true artist. In addition, the complex brown pattern of the background was a popular "faux" finish of the period. Even the lock and key system speak to the high quality of this exceptional armoire. Please examine the photos to appreciate the many details that make this German armoire such a special find.

This original painted armoire is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
