## Antique Vintage Brown Leather Sofa, Denmark

The rolled arms and back of this vintage brown leather sofa are accented by leather strips which adds to their visual appeal. There is age related wear to the dark brown leather which is more extensive to the seat cushion and arms, also separation along side seam and impressions to leather. With scratches and crackling the leather will benefit from conditioning. Seat height is 18".

This vintage leather sofa is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
