Antique Grey Painted Farm Table Dining Table With Pine Top

It is the original, dark blue/gray painted finish that catches one's eye in this farmhouse table from the European countryside. The turned legs were decorative for this time period and would have been "special" for the lady of the house. The table top has been kept natural pine, leaving a wonderful contrast between the base and top and also allows seating at the narrow ends of the table. This dining table is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
