Antique Farm Table Dining Table with Original Blue Painted Base

This delightful primitive table will serve as a perfect kitchen or dining table in an urban country farmhouse/home today. The base still maintains its original soft (grayish) blue paint which compliments the wonderful, worn wood top. It is the aged, distressed table top with all its dings, stains, scratches and even cracks that add to the character of this truly vintage farm table while not impacting its strength or functionality. The table skirt allows chairs to be pulled up underneath the table for comfortable seating, but it may also be used as a large desk, work or craft table.

This rustic dining table is part of our "un-restored" collection and is being sold in "as is, used" original condition. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
