Antique Original Red Painted Work Cart Primitive Coffee Table

This unique coffee table will make a great conversation piece with its vintage, industrial look. Originally, this served as a work cart to carry items; the original red paint has been greatly distressed through many years of use. The wrought iron legs and wheels add an industrial look as well. The distress of the brick red painted top is what adds so much character to it, and we have chosen to leave this untouched, as we discovered it in Europe. This vintage coffee table is part of our "un-restored" collection and is being sold in "as is, used" original condition. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
