## Antique Original Blue/Green Painted Farm Table

It is the vibrant aqua blue color that draws attention to this fun old farm table from Sweden. Upon closer examination (refer to photos), you will see a base layer of blue, with areas painted over with green and where both layers are worn off the natural pine below is visible. The "X" stretcher base allows for easy seating all around this 5 1/2' length table. The scratches, dings, stains and marred areas all add to the authentic vintage vibe of this rustic table. The top is made of 3 planks, which now show some age-related separation of the planks and minor cracks which are expected in well used tables of this age. Please examine the photos closely to appreciate the layers of color, wear, and vintage charm of this old farm table. It has been cleaned up and is solid/stable.
