Antique Tall Single Door Armoire w/drawer

While primitive, there is a stately allure to this 7' tall single door armoire. The original paint has greatly been worn off through the distress of many years, leaving a residual amount of black and dark green paint, blended with large areas revealing the natural pine below. Notice the carved panels and canted sides which were extra-special elements of the era (late 1700's). Please examine the photos to understand the large amount of age related wear and distress, including cracks, old repairs, worm holes (extremely old and of no concern) all of which are expected in a storage item used for so many generations. This armoire has been cleaned, restored and waxed so it is in solid/stable condition, drawer works and it is ready to be used and enjoyed.
