Antique Swedish Pine Farm Table Trestle Table

Your eye is immediately drawn to the warm pine patina on this Swedish farm table, beautifully distressed from decades of use. Constructed of solid pine with a trestle base, the broad stretcher and wide platform feet give this table strength and stability as well as a rustic feel. The top is comprised of 7 planks of pine (showing some age separation while structurally strong). The base has a darker red finish and old, residual paint adding dimension to it. The legs, stretcher and top can be separated for easier transport. This sturdy and versatile table would make a great kitchen or dining table; it has been restored, waxed and is ready for use.
