Antique 13' Long Pine Farm Table With Gray Painted Base

The dramatic length of this original farm table is over 13', making it a wonderful and rare find. The pine top is made of 5 long planks. While its age is revealed through the distress, scrapes and marks typical from generations of use, the top has been sanded creating an invitation to sit and run ones fingers along its surface. The base still maintains its original bluish gray finish, also gracefully distressed over time. Age related separation of planks, wear, distress, nicks/chips, etc all add to its authentic vintage appeal and do not impact the function in any way. This table has been cleaned and restored so it is strong/stable and ready for use.
