Vintage Industrial Tall Side Table With Cast Iron Gear Base

The unique industrial appeal of this tall side table comes from the cast iron base which originally served as some type of gear. If one is tempted to put foot to the pedal, you will discover the wheel still turns easily. At 37" tall, this table will serve as a great display table as well thanks to the natural pine top which has been given a wax finish. This industrial table is strong, stable and ready for use.
