Antique French White Painted Oak Chest of Drawers With Four Drawers

The distressed white paint adds a romantic feel to this oak chest of drawers. While the paint was added later, the carved panel drawers and scalloped skirt are gently accented by the paint as well. Expected age-related separation of wood is seen in the top and drawers, but does not impact the strength nor functionality of the dresser. The two lower, long drawers are balanced by two shorter top drawers which all function. This lovely French white chest of drawers is being sold in as-is condition, but is solid and stable.
