Antique Natural Oak Gate Leg Table Console Table from Denmark

When seen in person, one is drawn to this table thanks to the light, natural oak left raw (but sanded) for a casual European country feel. While closed, this table is just over 4' long, creating a wonderful console table; the two leaves drop for a mere 23" depth. Notice in photos the latches that hold the legs in place while closed. Highly versatile as well as functional, this dining or kitchen table opens to 65.75" long with both leaves extended. This gate leg table is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we discovered it in Europe. All nicks, marks, signs of wear are comensurate with age. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
