Antique Original Painting On Wood Board of Flower Bouquet

This petite painting of a bouquet of flowers maintains its old world charm in the thick dark paint and extensive craquelure seen throughout the wood board it is painted upon. The wood gilt frame reveals the passage of years as the gold is worn /distressed down to the natural wood around the edges with scrapes/nicks seen in the frame as well. While this painting may benefit from a cleaning, we leave that decision to the discretion of the buyer.
