## Antique Vintage Leather Chesterfield Sofa from England

There is a unique allure to an old vintage leather sofa, as if all the conversations held on it over many years still draw us in. This handsome 7' Chesterfield sofa has a rich tobacco vintage leather, cracked and worn in all the right places. The classic Chesterfield tufted back and rolled arms show off boldly against the single long couch seat, all accented with brass thumbnails and resting on cabriolet feet. Typical signs of use include cracked/worn leather, minor abrasions and dings to the feet; yet its inviting appeal comes from these very blemishes that create deeper character. Missing one button along the lower front. This vintage leather sofa is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further. Seat height is 21".
