## Antique Oak Heavily Carved Sideboard Buffet

The intricate hand-carved details highlight the natural beauty of the oak in this impressive large sideboard. Please enlarge and examine the close up photos to appreciate the craftsmanship and patina of the aged wood. The upper and lower drawers run smoothly, while the middle cabinet section are ideal for storage allowing this to serve as an excellent buffet as well. Notice the extreme heft of the hand-wrought iron side handles and key. While age related wear, minor cracks/dings are expected, this carved sideboard has been restored and is in solid condition ready to be used and enjoyed.
