Original Blue Painted Swedish Mora Grandfather Clock

Graceful curves and remarkable craftsmanship accentuate this striking antique grandfather clock. Please examine the close up photos to appreciate the Swedish styling and details of the clock, including the wonderful worn original blue painted finish with red trim. The Mora region of Sweden is famous for this style of clock; noted here is the rounded belly, carved diamond detail and crown. At the time it was crafted, 3 professionals were commissioned for the work; a cabinet maker /woodworker, a painter and a clock maker combined efforts indicating this clock was a grand purchase at the time. The casework has been restored so the clock is stable /solid but left unfished to compliment the soft patina of the original paint. The original clockworks will be included (if requested) but do not function. Please inquire with any questions or if we may assist further.
