Antique Dark Pine Corner Cabinet from France

There is a refined beauty one finds in French antiques, often due to the richness of the wood. This narrow French corner cabinet is a perfect example with a dark patina pine wood and simple paneled doors. The size allows it to be used in a variety of rooms, whether in a guest room, as a small kitchen or office cabinet or even in a bathroom to store guest towels and possibly French milled soaps. Note lovely escutcheon and wood pegs used instead of nails. This corner cabinet is sold as is, in original used condition. Age-related separation of planks, some scratches, knicks and old repairs are seen in photos (note photo of back and interior), shelves are each made of at least 3 separate pieces of wood planks.
