Antique Bleached Oak Sideboard Buffet from France

This long sideboard shows off its French style in the carved panels and lovely details along the skirt, door & drawer panels. Note the elaborate carving along the central drawer, top of doors and scalloped skirt. The bleached finish gives it a fresh and welcoming look for today's modern home and it sits gracefully upon carved feet. Typical separation of planks, signs of cracks, etc are commensurate with age, please enlarge photos of top, side and front panels for clear understanding. The central door does lock securely although it hangs slightly lower on left corner. The interior shelving still has old fabric lining which was typical in France but can easily be removed. This sideboard is sold in as is condition, the drawer functions, it is solid /stable and ready for use.
