Vintage Rustic Slab Wood Peg Leg Coffee Table

The thick slab top draws one to this rustic coffee table due to the heavy distress seen in every scratch, crack, and gouge that came from years of constant use (likely in a butcher's shop). There is typical age-related separation of the 2 planks that compose the top which does not impact the strength or function of the table in any way. The large iron "staples" in the sides adds an industrial feel. This rustic splay leg coffee table has been restored, lightly sanded and waxed so it is strong, stable and ready for use.
