Antique Hand Carved Pine Corner Cupboard Cabinet from Norway

The ornate carving on the single door, drawer and canted sides makes a strong statement while the dramatic curved bonnet and carved lion's feet add an ornate touch to this original pine corner cabinet from Norway. Please examine the photos to appreciate how all these features blend together for a dramatic result in a rather small space. The hand-carved details are both elaborate and mesmerizing. The entire corner cupboard has been given a wax finish, adding a soft luster to the warm patina of the natural pine. Note that any cracks, nicks, distress, and signs of wear are commensurate with generations of use and do not detract from the beauty nor function of this lovely pine cabinet.
