Antique Original Red Painted Chest of Drawers, Sweden circa 1820-40

It is the all original painted finish that makes this chest of drawers from the Swedish countryside a special find. Note the original brick red paint accented with the blue/green/white folk art accents all faded and worn to the warm pine patina below.

The faint remains of a monogram and date indicate it may have originally been a wedding gift.

Restored, strong and stable this delightful chest is ready to be used and enjoyed, possibly as a nightstand.

Any scratches, cracks, dings, or age related separation are commensurate with age and do not detract from the beauty nor function of this lovely chest of drawers. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
