Rustic Vintage Console Table With Cast Iron Industrial Legs, Hungary circa 1900's

This impressive console table draws you to reach out and touch it due to its thick hard wood slab top that originally served as a work table.

The (new) cast iron legs have a vintage look adding stability and an industrial look. The rustic appeal of this console is due to the deep gouges, marks, stains and old dried wormholes (of no concern) that create the depth of character in the top. This console has been restored so it is strong/stable and ready for use.
