Small Rococo Chest of Three Drawers, Sweden circa 1840-60

This small chest of three drawers has a touch of dramatic appeal thanks to the (newer) black painted finish that is gently distressed, accenting the Rococo curves and cabriole feet.

The size makes it adaptable to use as a nightstand, side table or simply small chest of drawers.

Made of pine, this chest of drawers has been restored, drawers function with large brass pulls and it is ready to be used and enjoyed.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this small chest.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
