Antique Rococo Painted Large Chest of Four Drawers, Denmark circa 1750-80

This large antique rococo oak chest of drawers features a serpentine front, brass hardware pulls and rests on cabriolet feet. It has been given an exceptional new professional seafoam blue layered painted finish and has been lightly distressed, bringing out the natural oak below and fitting the age and grace of the dresser. This chest has been restored, case is sturdy and drawers function. Top drawer locks and opens with key, bottom three drawers open with two brass pulls. Any cracks, dings, aged separation (in particular the bottom of the drawers) are reflective of age and do not detract from the beauty nor function. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
