Original Painted Corner Cabinet Cupboard, Sweden dated 1824

This antique pine corner cabinet still maintains its original earth toned faux wood grain paint with beautiful floral details along panels and crown typical of the Dalarna region of Sweden.

The monogram and date of 1824 indicate it was likely a special wedding present.

This corner cupboard is made in two parts creating an attractive open niche between the upper and lower cabinets.

Interior has contrasting light green paint with fixed shelves.

Professionally restored, this corner cabinet is strong and stable; all the doors are working well and the case has been finished with a satin wax.

Upper lock and key still function (key included); lower cabinet snaps shut and opens with brass pull.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this special Dalarna corner cupboard.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
