Large Coffee Table With Single Drawer from France, circa 1900

The beauty of this French country coffee table with one drawer comes from the rich patina of the wood. Every crack, ding, old knot and stain all add to the depth and richness found in the thick top. Rests on heavy legs with a stretcher base.

Restored, strong and stable. Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this large coffee table.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
