Original Brown Painted Wood Rocking Horse on Green Rocker, Sweden circa 1900's

It is the worn look that creates the wonderful appeal of this original painted and carved rocking horse from Sweden. The brown/brick paint has been distressed (some missing, see photo of direct front). Note also the cracked leather ears, carved and painted black mane and leather bridle with brass accents. Real horse hair was used to create the tail.

Sold in used vintage condition. Solid, stable on original green painted rocker.

Please examine the close up photos to understand condition and details, including worn paint, nicks, scratches, wood cracks and separation, etc. Wonderful vintage display item.
