Rustic Coffee Table from Old Work Table, Hungary circa 1900

The appeal of this coffee table comes from the rustic wood top that originally served as a work table and rests on original peg legs. Note the scratches, nicks, gouges, stains, aged separation of wood and old cracks that all combine to build the depth of character which create the desire to touch it.

This coffee table has been restored and sanded so it is strong, stable and ready to use and enjoy.
