Set of Six Antique Swedish Biedermeier Yellow Birch Dining Chairs

The appeal of this set of six Biedermeier chairs is in the craftsmanship and Swedish design of the period. Comprised of 2 armchairs and 4 side chairs, the yellow birch glows, enhanced by the flame birch backs adding class and sophistication. All the chairs are tight and comfortable with upholstered seats covered in a vintage fabric that can easily be replaced. Please take a moment to enlarge the photos and examine the details up close.
