Antique 19th Century Swedish Birch Secretary Desk Bureau

The birch glows with life in this remarkable secretary also known as a bureau. The upper cabinet interior holds the petite drawers and cubbies typical of a secretary, while the central square door has hand-carved flourishes adding to the refined elegance of this desk. The large, lower 3 drawers open using a key as a "pull," which was traditional for the era. This item is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe.
