Vintage Farm Table Dining Table With Industrial Iron Legs And Stained Wood Top

Authentic vintage farm table with heavy cast iron legs that create the perfect "industrial look." At 6 1/2' feet long, this impressive table will serve well as an industrial dining table. The top itself is made of 5 planks of wood, stained with a darker finish. There is some minor age related separation of the planks and cracks which are expected with generations of use and do not impact the use or function of the table. Please examine the close up photos including the entire top. This heavy industrial dining table may also serve as a great writing table/desk and has been sanded, cleaned and restored. Shipping price is based on the table shipping flat, simple assembly of legs/baser is all that is required on recieving end.
