## Antique Large English Oak Drop Leaf Dining Table

When seen in person, one is drawn to this table thanks to the warm, natural oak left raw for a casual European country feel. The size itself is impressive at 7' long, inviting one to sit and linger. When opened, this large drop leaf table is 57.5" w providing easy seating by adjusting the gate legs. For use as a console table, the two leaves drop for a mere 20" depth. Highly versatile as well as functional, this large dining table is a wonderful find. This gate leg table is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we discovered it. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
