

Large Antique Pine Bookcase Display Cabinet

When form and function come together with dramatic impact, you know you have discovered a special find. Such is the case in this stunning, large bookcase or wall unit from England. The wood glows with life and had been given a wax finish bringing a soft luster to the warm pine. The arched panels with paned glass create the graceful appeal that draws one to gaze at what is displayed inside. Each of the 3 sections holds 3 fixed shelves inside, while the 3 lower cabinets all have a single shelf each. Note that the left and right lower cabinet have a full shelf (back to front) while the center lower cabinet has a half shelf that goes from the back to mid-center. This large pine antique bookcase has been gently restored and waxed, and is ready to be placed. It comes in 6 sections (3 upper/3 lower) to make shipping and installation easier.
