Large Pine Reproduction Bookcase Display Cabinet Wall Unit

Built and designed in the same manner as shop display cabinets throughout Europe in the 1800's, this reproduction pine bookcase is ready to be waxed, stained or painted in the manner you choose. The upper panels are ready for glass or wire to be installed as well. The paneling around each door and drawer add dimension to this wonderful statement piece. This large display cabinet is built in two sections, the upper display case with 6 doors and the lower sideboard/cabinet section with 12 drawers and 6 doors. The 3 lower storage areas also have a single shelf available (but is sitting underneath the glass bottles in photo #3).
